Helmi Fitri Nugroho ,biasa dipanggil **Helmi**, terlahir di Magelang pada tanggal 7 Mei 1989. Helmi terlahir sebagai anak tunggal dalam keluarganya. Nama Fitri dalam nama lengkapnya diberikan karena ia lahir pada hari kedua Idul Fitri di tahun tersebut.

Helmi menjalani pendidikan pertamanya di TK Pertiwi di kota Magelang. Ia memasuki TK tersebut setahun lebih cepat dari kebanyakan anak-anak lain. Akan tetapi karena terjadi beberapa hal, Helmi menjalani TK setahun lebih lama. Sehingga dalam pendidikannya ia tidak lagi setahun lebih cepat dan seangkatan dengan teman sebayanya.

Ia akhirnya melanjutkan sekolah di SD Jurangombo yang terletak di Magelang selama 6 tahun. Selama di SD tersebut nilainya bisa dibilang rata-rata,tidak terlalu menonjol. Di masa ini pula ia mulai merasakan pahit manisnya cinta. Sejak saat itu ia memiliki motivasi lebih dalam belajar yang membuat prestasinya melonjak drastis. Prestasinya meningkat sampai ia menduduki peringkat teratas di kelasnya. Prestasi tersebut pula yang mengantarkan dirinya mewakili sekolahnya dalam Lomba Siswa Teladan & Lomba MIPA pada saat ia duduk di kelas 5 SD.

Setelah lulus dari SD,Helmi melanjutkan pendidikannya di SMPN 1 Magelang yang merupakan SMP favorit di Magelang. Di SMPN 1 prestasi Helmi tidak sebaik sebelumnya, ia hanya mampu masuk sepuluh besar. Ia juga pernah dicalonkan menjadi peserta lomba tetapi tidak jadi karena dianggap tidak serius dalam mengikuti lomba nantinya.

Lulus dari SMPN 1 Magelang Helmi melanjutkan sekolahnya di SMAN 1 Magelang. Selama di SMA ia masuk kelas dengan pengantar bahasa Inggris atau kelas imersi. Semasa SMA prestasinya bisa dibilang biasa-biasa saja dan tidak terlalu menonjol.

Selepas dari SMA, Helmi berhasil masuk ITB melalui jalur SPMB. Selama tahun pertamanya di ITB, Helmi yg mengakui dirinya tidak begitu menyukai kegiatan organisasi mengikuti sejumlah unit seperti UKJ,Appres,ISO,Genshiken, dan MBWG. Di tahun keduanya ia masih mengikuti unit seperti UKJ,Appres,Genshiken, dan KMPA. Walaupun ia mundur dari KMPA karena ia menganggap fisiknya tidak kuat.

Helmi sendiri memiliki hobi fotografi dan tentang anime dan manga jepang. Pada waktu luangnya ia biasa mentranslasikan beberapa title manga jepang.

Straight Edge, Spartan Anime Mailing List

I was once active in id-anime IRC room at Rizon, a translator for an Indonesian fansub group, before being dumped for another translator with better command at Japanese (who pissed me off by stating that my translations were 90% incorrect). So, one day I googled for that keyword, hoping to find any update about them.

I found no relevant result, instead, I found a google mailing list that bears the name. As I checked out, this id-anime mailing list has nothing to do with my previous fansub group or the IRC room. I decided to join them, since I've felt I need more contacts from otaku community, and I've been rather distant from my fellow **AOIndonesia** mates.

My first post followed by a rather unpleasant respond, telling me to do 'nungging' (sorry can't find the English equivalent, I'm not that good in English). Well, this word has some negative (if not perverted) connotations. Fortunately, before I exploded my head out of anger, after a while I found what they meant by 'nungging' on their wiki, which means, self-introduction.

OK, I proceed with the self-introduction. Oh, I forgot to mention, this group has a strong resentment against bootleggers, in this context, those who make out money from selling fansub releases, and I've constantly accused of being one of them, because of my late self-introduction.

The next step, I have to submit my ID to them, as the prove of my identity. Hmm, pretty picky isn't it, for an otaku mailing list? To add up the mess, I've just lost my ID along with \$12 in my wallet, still, they didn't like my story, and yet another flames followed.

A Little Bit of Words

If you're a member of this mailing list, please take this as your considerations. I'm not whining or begging you to accept me, no, not ever thinking about it. I've joined several other anime communities, and they're being more open and welcoming for their members. I'd be glad to share my collections with you, but now, I'm reviewing my plan to join the mailing list, if I still get those flame without any basis, certainly I'll unsubscribe it. I have no problem for getting any series I want, I have decent and cheap bandwidth, better than most of you, and on some occasions I've even had a greater-than-unity seed ratio while the download hadn't finished yet. I'm not joining the mailing list for getting free anime downloads, the torrent trackers out there are enough.

The reason why I join the mailing list is to share, either the goods or the ideas and love on this great modern visual culture. And the topics posted there hardly reflects your identity as the anime fans, i.e. there's no discussion about latest airing series, the favorite characters. All you talked about were only 'please mirror this to our server', 'HDD price listings' or 'hey, I've just watched this JAV, it's great!'

You have an ideal that you're being proud about, but it never justifies your acts of flaming and accusing. It's always a good thing to ding to the old wise sayings, 'the presumption of innocence'. And if you say, 'this is just an initiation rite', then you're overdoing it. It was not funny at all, and it *is* certainly offensive for anyone.

As far as I can tell, the only thing you have is your excessive pride for not being a bootlegger, and yet still, all you have on your server, all you're being proud about, are illegal things, with the exception that you don't make money out of them.

Helmi berhasil masuk ITB melalui jalur SPMB. Selama tahun pertamanya di ITB, Helmi yg mengakui dirinya tidak begitu menyukai kegiatan organisasi mengikuti sejumlah unit seperti UKJ, Appres, ISO, Genshiken, dan MBWG. Di tahun keduanya ia masih mengikuti unit seperti UKJ, Appres, Genshiken, dan KMPA. Walaupun ia mundur dari KMPA karena ia menganggap fisiknya tidak kuat.

^^^^^^ Wah ini yang megang localhost genshiken musti disetrap nih. ada usernya yang lepas landas.

So do we. Do we ever whine or beg you to join us? It's a common courtesy for a newcomer to introduce himself, no? And by coming to a new ground means you must learn the locals' culture. This is ours. You can not simply come, said few words then act like you've belong to us.

>I've joined several other anime communities, and they're being more open and welcoming for their members.

You are not considered as a member yet before you pass the initiation process.

> And the topics posted there hardly reflects your identity as the anime fans, i.e. there's no discussion about latest airing series, the favorite characters. All you talked about were only 'please mirror this to our server', 'HDD price listings' or 'hey, I've just watched this JAV, it's great!'

Dude, READ THE WIKI. KAMI GA NGOMONGIN ANIME DI SINI.
<insert gambar gatotkaca id-anime yg ada tulisan 'kita gag ngomongin anime kok' itu di sini>

> You have an ideal that you're being proud about, but it never justifies your acts of flaming and accusing. It's always a good thing to cling to the old wise sayings, 'the presumption of innocence'. And if you say, 'this is just an initiation rite', then you're overdoing it.

Every newcomer is a suspect until it's proven otherwise. And it's not up to you to say 'overdoing it'.

> It was not funny at all, and it is certainly offensive for anyone.

Oh but it is funny. And the funnier thing is that you can't see the fun. LOL.

> As far as I can tell, the only thing you have is your excessive pride for not being a bootlegger, and yet still, all you have on your server, all you're being proud about, are illegal things, with the exception that you don't make money out of them.

FAR? HOW FAR MAY I ASK? You've been here like a month or two, not finished read the Wiki yet, let alone all the topics ever posted and you think you know all about us? Really?

asas praduga tak bersalah hanya berlaku di zaman orde baru. kalo SUDAH BACA SEMUANYA pasti anda tahu RESIKO DAN KONSEKUENSINYA. bukan kami yang flaming without basis, TAPI ANDA YG FLAMMING MENJELEK2KAN KAMI DI BLOG ANDA. ANDA BELUM BACA SEMUA WIKI DAN ARSIP, MAKA ANDALAH YANG GA PUNYA BASIC. ANDA SUDAH DEWASA, MENJELANG 22 TAHUN, SELAYAKNYA BERSIKAP DEWASA DALAM MENULIS PENDAPAT. ITU SEBABNYA 90% TERJEMAHAN ANDA NGAWUR KARENA ANDA GA PUNYA BASIC DAN BANGGA ATAS KETIDAKTAHUAN ANDA SENDIRI.
