If you're a member of this mailing list, please take this as your considerations. I'm not whining or begging you to accept me, no, not ever thinking about it. I've joined several other anime communities, and they're being more open and welcoming for their members. I'd be glad to share my collections with you, but now, I'm reviewing my plan to join the mailing list, if I still get those flame without any basis, certainly I'll unsubscribe it. I have no problem for getting any series I want, I have decent and cheap bandwidth, better than most of you, and on some occasions I've even had a greater-than-unity seed ratio while the download hadn't finished yet. I'm not joining the mailing list for getting free anime downloads, the torrent trackers out there are enough.

The reason why I join the mailing list is to share, either the goods or the ideas and love on this great modern visual culture. And the topics posted there hardly reflects your identity as the anime fans, i.e. there's no discussion about latest airing series, the favorite characters. All you talked about were only 'please mirror this to our server', 'HDD price listings' or 'hey, I've just watched this JAV, it's great!'

emang di sini kita ngomongin anime?

You have an ideal that you're being proud about, but it never justifies your acts of flaming and accusing. It's always a good thing to cling to the old wise sayings, 'the presumption of innocence'. And if you say, 'this is just an initiation rite', then you're overdoing it. It was not funny at all, and it /is/ certainly offensive for anyone.

As far as I can tell, the only thing you have is your excessive pride for not being a bootlegger, and yet still, all you have on your server, all you're being proud about, are illegal things, with the exception that you don't make money out of them.

Ok, berhubung gw lagi mesti banyak2 sabar menunggu kelahiran jagoan/jagoanwati, gw coba sedikit 'arahin' lagi' ya tong:

1. jangan bilang gak tau, lu dah masuk dimari ampir 1-2 bulan. at least lu dah nerima sekian banyak tret. terlebih lagi di isi blog lu yg cengeng itu dah jelas2 lu tulis lu gugling untuk bisa tau tentang milis ini. jadi kesimpulannya cuma 1, bukan gak tau. **LU GAK MAU TAU!** lu males baca2 lebih jauh, lu males 'ngertin' milis ini lebih jauh. jadinya lu kayak sekarang.
2. jadi sekang bijimana? dengan memang bermaksud SARA, gw mengutip ayat Al Qur'an yg pertama dituruni: **BACALAH!**
3. baca apa?
 1. wiki.
 2. archive terutama tret2 tunggangan sebelum lu.
4. coba ngertin yg lu dah baca. cari selahnya. kenali karakter masing2 anggota. hapalin istilah2 yg biasa dipake. fahami cara kita berkomunikasi. info ini semua ada di wiki. kalau gak ada coba cari di archive.
5. kalau masih gak ngerti juga coba tanya. gw tau di umur2 segitu lu lagi labil2nya tp jgn sok teu, lebay, apalagi aan, karena aan itu... ah sudahlah lu baca aja biar tau.
6. kalau dah siap mental, cari materi buat nungging ulang. gak usah malu'risih'gengsi buat nungging ulang. kalau lu dah baca2 archive, itu hal yg lumrah dilakukan. dan lebih baik daripada nerusin tunggangan lu yg sudah terlanjur mancing banyak reaksi.

sebagai contoh maksud kata2 gw di atas, gw kutip apa yg dah capek2 ditulis di wiki biar lu ngerti kalo sebenarnya curhatan lu yg lebih sendu dari lagu banci itu gak semestinya terjadi:

Tujuan

Tujuan paguyuban ini tidak lain adalah untuk berbagi. ID-Anime dibentuk dengan tujuan untuk memfasilitasi pertukaran koleksi antaranggota, tanpa dipungut bayaran sama sekali. Kami tidak akan memberi toleransi kepada anggota yang mengadakan pertukaran demi tujuan bisnis. Penjualan kembali koleksi yang telah didistribusikan kepada dan antar anggota kami larang keras.

Jadi paguyuban ini tidak akan mentolerir siapapun yang menjual Anime/Tokusatsu hasil Fansub, atau bootleg, kecuali Anime tersebut benar-benar rilis resmi dari distributor Anime tersebut dan bukan kopian.

Jangan sampai anda seperti Shenez alias Shenny alias CDKOMIK.COM yang pernah tertangkap basah jualan Bootleg.

[/kuwot]

sekarang gw kuwot dari bolg lu:

A large, bold, red graphic of the lowercase letters 'pos' is centered on a bright yellow background. The letters are thick and stylized, with the 'o' being a simple circle and the 's' having a curved, cursive-like tail. The 'p' is a simple vertical bar with a rounded top.

mas mas...

disini bukan milis yang sopan dalam penulisan kata kata...

disini anjing, homok, bangsat, keparat, adalah hal biasa...

kalo anda ingin join milis yang bertutur kata sopan silahkan join di milis lain...

masih untung anda belum di anjing anjingin dengan tulisan segeda gaban...

dan kalau anda menginginkan member kami bertutur kata sopan, sama halnya anda memaksakan diri menjadi nitrogen cair, seperti yang saya sebut di postingan saya diatas.

member kami bukan lah member yang sopan...

bila anda ingin menjadi member ya biasakan dengan kata kata yang tidak sopan.

kami sudah ada sejak lama, mungkin sebelum anda mengenal apa itu internet.

kami sudah pernah mengalami disconnect dari internet ...

contoh gampang, anda lulus sd dan mulai masuk smp, anda akan disuruh menggunakan seragam smp, ataulah anda akan mengubah semua menjadi berseragam sd seperti anda??????

kalau begitu silahkan datang tanggal 5.

seperti yang saya utarakan tadi, kalo anda mengundang kami ke taman salman, artinya anda membuat milis ini jadi seperti anda.

kalu anda memang niat mau join silahkan datang tanggal 5 nanti di KOS.

itu artinya anda sukarela mengikuti aturan disini.

dan silahkan anda siapkan hati dengan kata kata kurang sopan kami saat kopdar.
